

RACE TO MATH MOUNTAIN

Objective:

Play in a team of 2 or battle it out alone!

The first one to complete all 11 questions in their coloured row is the winner of Math Mountain!

Sections:

Purple → Basic questions → consists of adding with dots and numbers

Blue → Moderate questions → consists of adding, subtraction

Red → intermediate questions → consists of 3 digit adding/subtracting or greater, multiplication/division

Begin:

Roll the die and add of the 2 numbers to get turn over your first math plate. Solve it properly to move forward. If answered incorrectly, ask for help and then move forward when you solve it. Roll all the numbers from 2-12 and solve the math question to win the game!
